## About the grants

The grants are intended for student projects with the aim of promoting Charles University, and thus motivating students to study at Charles University, and secondarily also towards foreign applicants.

This year's main theme is the production of short videos promoting all 17 faculties of Charles University.

- secondary school students
- students studying bachelor programmes at other colleges and universities
- secondary school pupils from primary schools
- the general public
- potential foreign applicants for study at Charles University

The grants are not intended to augment the budgets of existing faculty or central CU promotional events. Grants do not fulfil the role of research grants such as those awarded by GAUK (the Grant Agency of Charles University).
